PATERT SLATE PAINT,

MIXED READY FOR USE. Fire-proof, Water-proof, Durable, Economical and Ornamental.

A roof may be covered with a very cheap shingle, and by application of this state be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better, and lasting longer than the new shingles without the state, for

One-third the Cost of Reshingling. The expense of slating new shingles is only about the cost of simply laying them. The paint is rins-encor against sparks or flying embers, as may easily be tested by any one.

IT STOPS EVERY LEAK. And for timer iron has no equal, as it expands by heat, contracts by cold, and SEVER CHACES not scales. Roofs covered with Tar Sheating Felt can be made water-tight at a small expense, and preserved for many years.

This Slate Paint is

EXTREMELY CHEAP.

Two gallons will cover a hundred square feet of shingle roof, while on tin, iron, felt, matched boards, or any smooth surface, from two quarts to one gallon are required to 100 square feet of surface, and although the Paint has a heavy body it is easily applied with a brush

No Tar is used in this Composition, Therefore it neither cracks in Winter, nor runs Summer. On decayed shingles it fills up the holes and On decayed shingles it fills up the holes and pores, and gives a new substantial root that will last for years. Curinto or wamper shingles it brings to their places, and keeps them there it fills up all holes in Felt roots, atops the leaks—and although a slow dryer, rain does not affect its few hours after applying. As nearly all paints that are black contain tan, be sure you obtain our oxnume article, which (for shingle roofs) is

CHOCOLATE COLOR. When first applied, changing in about a month to a uniform state color, and is to all intents and purposes stars. On

TIN BOOFS Our red color is usually preferred, as one coat is equal to five of any ordinary paint. For

BRICK WALLS

Our EMIGHT RED is the only reliable Slate Paint ever introduced that will effectually prevent dampness from penetrating and discoloring the pleaser.

These paints are also largely used on outhouses and fences, or as a priming coat on fine
buildings.
